Electric Barbecue Grills

Meco 9309W
\$120.00

Isn't it time you had the convenience of an electric grill? It's grilling season, which means it's time to check out the grills at Butte Electric. An electric grill will offer conveniences other grills don't. There is no need to worry about lighting the charcoal or having extra propane on hand. All you do is plug it in! Tabletop grills, cart grills and accessories are available.

Stop by Butte Electric in Newell to see the Meco grills or call for information at 605-456-2494 or 1-800-928-8839.

Meco 9359W
\$150.00

Display floats in mid-air with non-stop digital effects! Features built-in year-round greetings along with user programmable custom messages.

\$50.00

Magic Flashlight

The name says "magnetic" but this flashlight seems magic. There are no batteries to wear out or corrode and no bulbs to break. Yet, there is always the promise of light when it is needed.

It is the NightStar Magnetic Force Flashlight, the latest innovation in renewable flashlights. The compact, durable flashlight uses rare earth magnets with a white light LED to provide 20 minutes of light from a single charge. Charging the light takes a quick 30 seconds of shaking the flashlight.

This flashlight performs under extreme conditions including desert heat, polar cold or submerged under water. Check out the magic flashlight at Butte Electric.
